

POLYMOUNT PLATE CLEANER

BUILT TO DO THE DIRTY JOB

SPARE PARTS

POLYMOUNT PLATE CLEANER

BUILT TO DO THE DIRTY JOB

PUMP

The pump (which is attached to the tank) pumps the cleaning liquid from the tank to the machine

Itemcode:
R506

Price:
€ 124,95

BRUSH MOTOR

The brush motor drives the washing brush in order to clean the printing plates.

Itemcode:
R501

Price:
€ 167,75

NORMAL

DRIVE MOTOR

The drive motor drives the plate through the plate cleaners.

DRIVE MOTOR EXTRA STRONG

The drive motor drives the plate through the bigger plate cleaners.

Types: XXL, XXL2 & XXL2T.

EXTRA STRONG

Itemcode:

R502 (normal drive motor)

R502-1 (extra strong motor)

Price:

€ 94,50

€ 194,50

REDUCER

The reducer delays the rotation of the motor.

Itemcode:
R502-12

Price:
€ 165,55

AXLE

The connection piece between the drive motor and the reducer.

Itemcode:
R502-13

Price:
€ 36,50

CHAIN SET

The chains inside the machine that drive the sticky plate through the machine.

Itemcode:

R509 (set of 2 chains)

Price:

€ 375,-

R509b (single chain)

€ 187,50

R510 (set of chains for
reverse machines)

€ 375,-

R510b (single chain for
reverse machines)

€ 187,50

WASHING BRUSH

This special brush is responsible for the intense cleaning of the printing plates. The washing brush must be changed at least once a year, to maintain the excellent cleaning performance.

Itemcode:	Machine:	Price:
P505-10	PPC 600	€ 152,25
P505-11	PPC 800	€ 152,25
P505-11R	PPC M2	€ 152,25
P505-12	PPC L	€ 190,30
P505-12R	PPC L2	€ 190,30
P505-13	PPC XL	€ 228,40
P505-13R	PPC XL2	€ 228,40
P505-14R	PPC XXL2 (cor)	€ 266,50

SPONGE ROLL

The sponge roll keeps the cleaning liquid in the machine and dries the sticky plate.

Itemcode:	Machine:	Price:
P506-10	PPC 600	€ 388,50
P506-11	PPC 800	€ 388,50
P506-12	PPC M2	€ 388,50
P506-13	PPC L	€ 485,65
P506-14	PPC L2	€ 485,65
P506-15	PPC XL	€ 582,75
P506-16	PPC XL2	€ 582,75
P506-17	PPC XXL2 (cor)	€ 1100,-

SPONGE ROLL HOLDER

To hold the sponge roll in it's place.

Itemcode:	Price:
R508 (set of 2)	€ 64,95

POLYMOUNT PLATE CLEANER

BUILT TO DO THE DIRTY JOB

HOSE SET

A set of hoses connected to the tank, pump and plate cleaner.

Itemcode:

R507

Price:

€ 19,10

FILTER

Is responsible for filtering the thick ink residue from the Polywash that comes back to the tank.

Make sure to clean the filter daily.

Itemcode:

R514 Gauze

Price:

€ 84,-

R515 Filter frame

€ 137,50

LEVEL INDICATOR

The level indicator measures the amount of cleaning liquid in the tank, if this level is too low the machine will show a red light.

Itemcode:

P504

Price:

€ 125,-

POLYMOUNT PLATE CLEANER

BUILT TO DO THE DIRTY JOB

EXHAUST UNIT

This is an optional part for the plate cleaner which can be used to exhaust the smell of the cleaning liquids to the main ventilation system or directly outside.

Itemcode:
RX01

Price:
€ 475,-

EXTERNAL BRUSH STRIP

The brush strip keeps the cleaning liquids in the machine.

Itemcode:
T509

Price:
€ 37,50

RUBBER UNDERSTRIP

The understrip dries the backside of the sticky plate.

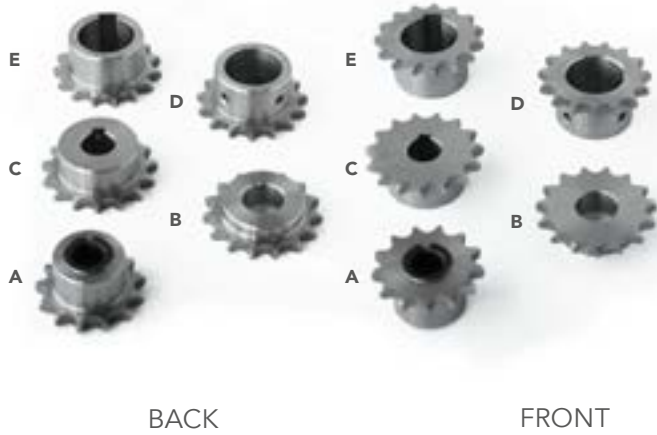

Itemcode:
R504

Price:
€ 47,25

POLYMOUNT PLATE CLEANER

BUILT TO DO THE DIRTY JOB

SPROCKET

These sprockets are used for the axles and chains within the machine.

Itemcode:	Price:
R503 - A	€ 24,90
R503 - B	€ 24,90
R503 - C	€ 24,90
R503 - D	€ 24,90
R503 - E	€ 24,90

PLC

This is the brain of the machine, it contains all software to keep the machine running.

Itemcode:	Price:
R001	€ 195,-

OUTPUT

Each plate cleaner has 2 outputs, they connect the PLC to the mechanical plate cleaner parts.

Itemcode:	Price:
R002	€ 125,-

POLYMOUNT
PLATE CLEANER
BUILT TO DO THE DIRTY JOB

SPONGE ROLL LEVER

Responsible for keeping the sponge roll in it's place, only used in the 1st generation machines.

Itemcode:
R003

Price:
€ 15,30

SPONGE ROLL CYLINDER

Responsible for lifting and lowering the spongeroll at the right moment.

Itemcode:
R004

Price:
€ 105,-

FLO CONTROL

Responsible for the amount of cleaning liquids entering the machine.

Itemcode:
R005

Price:
€ 97,50

F

M

TANK CONNECTORS

This is the electrical supply for the pump

Itemcode:

R006 (F)

R007 (M)

Price:

€ 27,50

€ 20,50

F

M

QUICK CONNECTOR

These are the connectors between the tank and the machine.

Itemcode:

R008 (F)

R009 (M)

Price:

€ 35,-

€ 67,-

HEATER

The heater is responsible for maintaining the temperature of the machine.

Itemcode:

R010

Price:

€ 194,90

VENTILATOR

Responsible for releasing all overflowing heat.

Itemcode:
R011

Price:
€ 149,50

BAROMETER

Responsible for measuring the airpressure is used.

Itemcode:
R012

Price:
€ 79,50

TABLE SENSOR

The table sensor shuts down the machine as soon as the sticky plate has reached the point of the table sensor which is the end of the table.

Itemcode:
R013

Price:
€ 84,95

TABLE SENSOR WIRE

This connects the table sensor to the PLC.

Itemcode:
R014

Price:
€ 20,-

CHAIN GUIDE

To guide the chains in the right direction, only used in the 1st generation plate cleaners.

Itemcode:
R015

Price:
€ 165,-

ROTATION COUNTER

Responsible for recording the amount of plates that went through the machine.

Itemcode:
R016

Price:
€ 75,-

AIR NOZZLE

Responsible for dividing the air to dry the sticky plate.

Itemcode:
R017

Price:
€ 15,-

NOZZLE NUT

Responsible for keeping the air nozzle in it's place.

Itemcode:
R018

Price:
€ 6,50

THERMOSTAT

If the temperature is above a certain degree the heater will automatically stop and you have to reset the heater.

The auto thermostat will automatically reset after rebooting the machine.

To reset the manual thermostat you need to press the pink button.

AUTOMATIC

MANUAL

Itemcode:
R019 (A)
R020 (M)

Price:
€ 27,50
€ 27,50

TACT SWITCH

Responsible for shutting down the machine when the plate reaches the end of the table, only used in 1st generation plate cleaners.

Itemcode:
R021

Price:
€ 44,50

IMMOBILIZER

Responsible for shutting down the machine when opening the plexiglass cover.

Itemcode:
R022

Price:
€ 37,50

PLASTIC STRIP

Responsible for keeping the sticky plate at the right height when going through the machine to reduce the resistance.

Itemcode:
R023

Price:
€ 26,75

INNER BRUSH STRIP

Responsible for keeping the cleaning liquids within the brushing area.

Itemcode:	Machine:	Price:
T501	PPC 600	€ 39,75
T502	PPC 800	€ 39,75
T503	PPC M-2	€ 39,75
T504	PPC L	€ 49,75
T505	PPC L-2	€ 49,75
T504	PPC XL	€ 59,75
T505	PPC XL-2	€ 59,75
T504	PPC XXL-2	€ 79,75

BUTTONS

Buttons used for handling the machine.

Itemcode:	Price:
Red	€ 9,95
Green	€ 9,95
Blue	€ 9,95

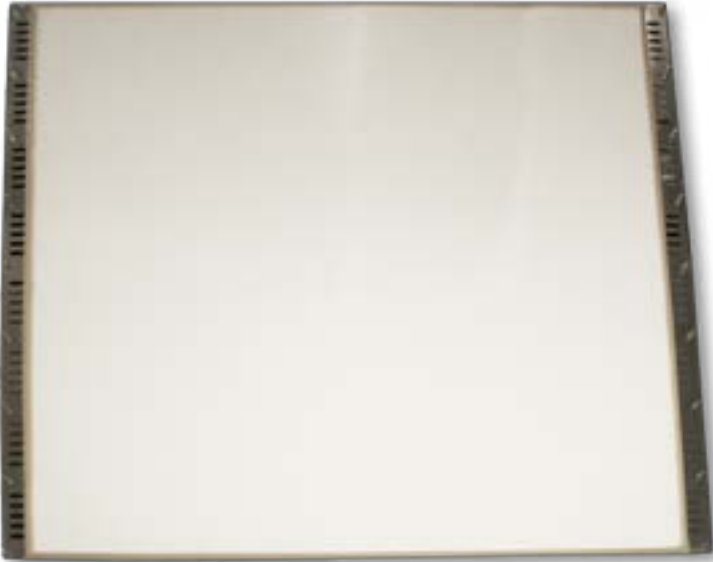

EMERGENCY STOP BUTTON

Button to stop the machine in case of emergency.

Itemcode:	Price:
EMB	€ 19,95

STICKY PLATE

This plate is used to attach the printing plates. Because of the sticky Twinlock layer the printing plates are easily attached to the plate which makes sure that the sticky plate will run smoothly through the machine with excellent cleaning results.

Itemcode:	Machine:	Price:
T501-10	PPC 600	€ 395,-
T501-11	PPC 800	€ 490,-
T501-11T	PPC 800 extended	€ 570,-
T501-13	PPC M-2	€ 540,-
T501-13T	PPC M-2T	€ 540,-
T501-13E	PPC M-2 extended	€ 640,-
T501-14	PPC L	€ 815,-
T501-15	PPC L-2	€ 875,-
T501-15T	PPC L-2T	€ 875,-
T501-15E	PPC L-2 extended	€ 1000,-
T501-16	PPC XL	€ 1180,-
T501-17	PPC XL-2	€ 1260,-
T501-17T	PPC XL-2T	€ 1260,-
T501-17E	PPC XL-2 extended	€ 1400,-
T501-18	PPC XXL-2	€ 2100,-
T501-18C	PPC XXL-2 corrugated	€ 1938,-
T501-18T	PPC XXL-2T	€ 1938,-
T501-18CT	PPC XXL-2T corrugated	€ 2100,-

MAGNETIC PLATE

This plate is used to attach the metal printing plates. Because of the magnetic surface the metal printing plates are easily attached. This will result in the plate easily going through the machine while being cleaned.

Itemcode:	Machine:	Price:
T501-17EM	PPC XL-2 Extended	€ 1938,-
